2米田・川辺 ①

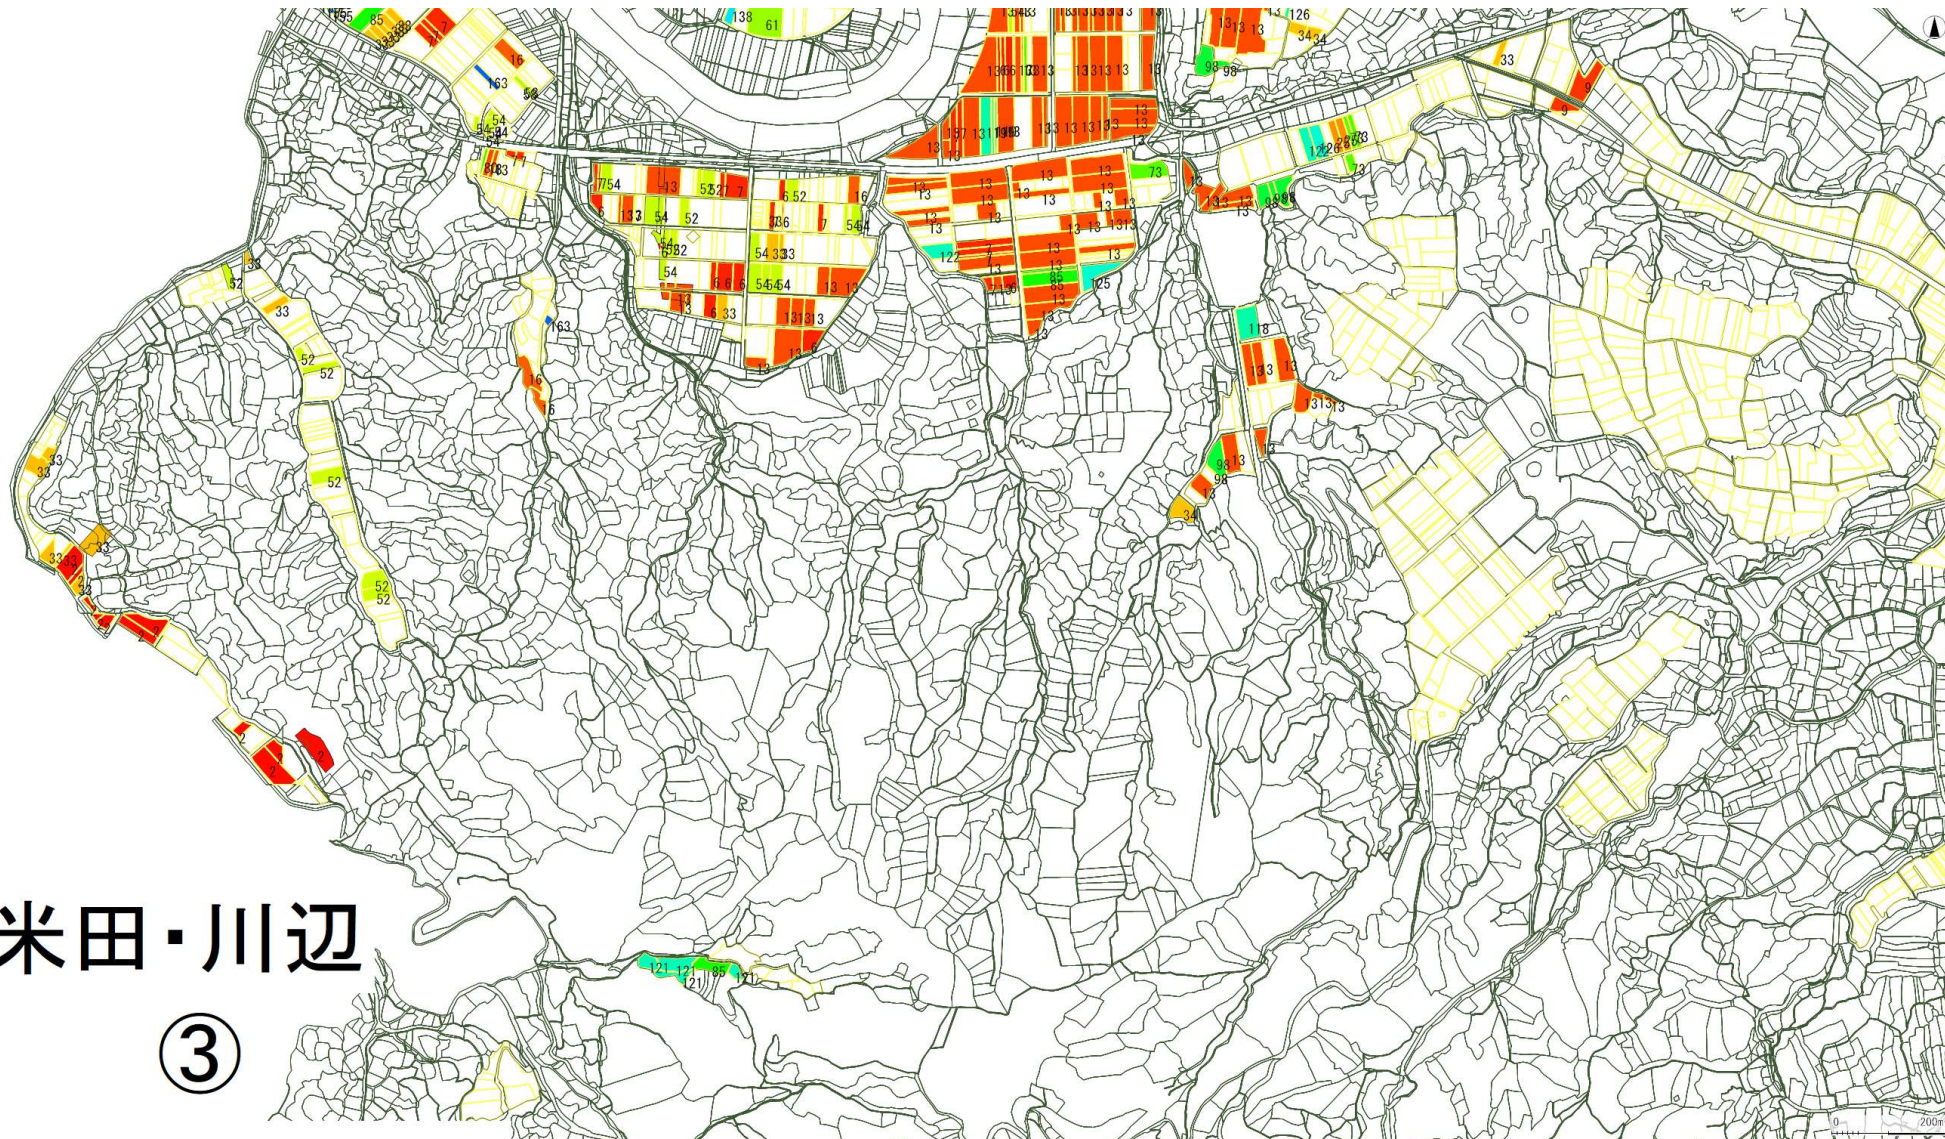

This is a detailed cadastral map of agricultural land in the '2m Field / Riverbank' area, labeled as Map ①. The map shows numerous small plots of land, many of which are colored in yellow, orange, red, green, or blue. These colors likely represent different types of land use or ownership status. Each plot is numbered, often with multiple numbers indicating different parcels or sections. Some plots have additional labels such as '0(全2件)', '0(全3件)', or '0(全4件)', suggesting they might be part of a larger estate or project. The map also shows roads, rivers, and other geographical features. A scale bar at the bottom right indicates distances up to 200 meters.
