

Comprehensive Support Center for Families with Children

“Akari”

We offer support for everyone, from the time of pregnancy through child-rearing.

“Can I ask simple and basic questions?” “Who should I ask get good advice?”

We provide support for everyone from pre-pregnancy through the child-rearing years.

When you wonder where to find answers, please call the Akari Comprehensive Support Center for Families with Children.

We public health nurses and childcare workers look forward to meeting with you to help you find solutions to your problems.

In-person visits are also available when necessary.

What other maternity
Goods do I need?

I want to know how much
my child weighs.

What should I feed my baby as
I begin weaning? Where can
I get advice?

We don't have any parenting
Information because we've just moved here.
Do you know any good places for my child to play?
